# CCRS MATH TRAINING
Learning Pathways

Foundational Training *(required)*

Foundational courses are designed to introduce participants to the College and Career Readiness Standards (CCRS). Completion of **both** the 101 and 102 courses is required to fulfill the foundational training and may be taken in any available format.

Math 101 → **ON-DEMAND** (6 HOURS) OR **ONLINE FACILITATED** (12 HOURS) OR **IN-PERSON** (8 HOURS) *Can be requested by agencies* → Complete **Math 102**

Math 102 → **ON-DEMAND** (6 HOURS) OR **IN-PERSON** (8 HOURS) *Can be requested by agencies* → **UNIT OUTLINE** *Requires support and feedback from the Math Consultant*

CERTIFICATE OF COMPLETION

Implementation Training *(recommended)*

Implementation courses are designed to support the integration of the CCRS in the classroom. While offerings may vary each year, completion of the Math 100-Level Series is **required** before enrolling in implementation courses.

Completion of **Foundational Training** *(prerequisite)* → **Implementation Courses** → Implementation courses are offered virtually and vary in length. Each course requires the completion of a designated assignment, and upon completion, participants will receive a certificate. Courses are clearly labeled as "Implementation training" offerings.

A full list of available courses can be found on the 2025–2026 Professional Development Training, Meetings & Events Flyer.

- To earn a Certificate of Completion, participants must completed **all** required assignments/activites and achieve a final score of 80% or higher.
- Upon completing the courses, participants will be able to view, download, or print their individual course Certificate of Completion through their Learning Stream account.
